**1. This has been directly taken from the English Baraha source coding of corresponding to Sanskrit Version 3.2 dated March 31,2020.**

In this Version, we have included the **source reference** of mantras from classic Vedic texts. The reference codes indicated are

**TS - Taittiriya Samhita**  
**TB - Taittiriya Braahamanam**  
**TA - Taittiriya Aranyakam**  
**EAK - Ekaagni Kaandam**  
**RV - Rig Veda Samhita**

First level number represents the Kandam/Ashtakam Number,  
Second level PraSna/Prapaataka Number, Third level the Anuvaakam,  
Fourth level the Dasini or Panchati number.

In Ruk Veda it will be Mandala, Sukta and Mantra & Ruk Number.

In Ekaagni Kandam it is Prapaatakam, Kanda and Mantra Number.

Notes: This Book has been brought to you with the courtesy of some Veda learners who have collaborated to prepare this book for the benefit of those who are compelled to use english letters for their Veda learning.

**Kindly use this book under the guidance of qualified Guru to get right pronunciation.**

Please give your feedback, comments and report errors to the e-mail id **vedavms@gmail.com**. We shall strive to make this book more accurate and error-free.

You may note that there are inherent “paata bedhas” when we compare various sources and books. We have made constant reference to the Taittiriya Sakhaa compiled and commented by Shri. Sayanacharya of 13<sup>th</sup> Century and Shri Bhatta Bhaskaracharya (period unknown). Their manuscript compilations were later converted into books by great Scholars. one of such sets of “Taittiriya” was printed and published during earlier 1900 A.D. at Govt. Branch Press, Mysore and another set later published under “Anandaashram Series”. These Books were referred to by us as our primary source material for this Book.

This book has not been prepared with any commercial purpose and is purely for studies.

**Kindly follow the conventions taught by your Guru.**

**Conventions used in Letters:**

ॐ vedic symbol – is represented as (gg)

ॐ – is represented asy (gm)

ँ – is represented as anunaasikam

---

Avagraha (ॐ) is represented as &

(hyphen) – used between words indicate that the words has parts which need to be rendered together as per your Guru’s teachings. This sign is used in areas to split words which are long or the words has been constructed through Sandhis which result in “different letters” (which joins the original padam of words) and also for ease of reading/rendering. The usages of hyphens slightly vary in Sanskrit, Malayalam and Tamil books based on the usages in theses languages.
