Version Notes:

This is the current and first Version 1.0 dated August 31, 2020.

- 1. This has been directly transliterated from Sanskrit Version**
- 2. Kindly check the document for standards and conventions with your Guru before usage.**
- 3. Kindly report any inadvertent deletions/errors to our email id – vedavms@gmail.com**

ACKNOWLEDGEMENTS:

We thank our Members **Mr. A. Vishwanad and Mr. V Raja (both from California, USA)** for their tremendous contribution in developing a Python-language based program to generate Rudra Ghanam and Rudra Jatai from Padams, which was immensely valuable to weed out errors/mistakes which are typical to manual processing followed by us in earlier versions in Sanskrit. This has enabled direct transliteration in IAST Latin coding.
